

STANDARD PLANS

The Standard Plan must match the exact current road conditions including the following:

- Work Zone
- Number of Travel Lanes
- Lane Reductions
- Two-way Left Turn Lanes
- Median Islands
- Curb Islands
- Bike Lanes
- Edge Lines
- Left-Turn Channelization
- Right-Turn Channelization
- Signalization

Select the applicable Standard Plan to be presented to the permitting agency to obtain the permit.

Number of Travel Lanes without Bike Lane:

- [One Lane in each Direction without Bike Lane](#)
- [Two Lanes in each Direction without Bike Lane](#)
- [Three Lanes in each Direction without Bike Lane](#)

Number of Travel Lanes with Bike Lane:

- [One Lane in each Direction with Bike Lane](#)
- [Two Lanes in each Direction with Bike Lane](#)
- [Three Lanes in each Direction with Bike Lane](#)

Curb and Gutter Replacement:

- [Curb and Gutter Replacement](#)
