Update on Service Changes to Downtown DASH Routes

LADOT Transit to reduce hours and frequency of DASH service in Downtown L.A.

Los Angeles, CA (March 20, 2020)

Effective Monday, March 23, LADOT Transit's Downtown L.A. DASH service will observe reduced service frequency and hours of operation on all routes for weekdays and weekends. Full details on service changes for each route are available on [LADOT Transit's website](#).

Other transit operations including Community DASH, Commuter Express, and CityRide will continue to operate regularly scheduled service until further notice. Up to date information on routes and schedules is [available online](#).

While the state, county, and city have ordered residents to stay at home, transportation remains an essential service. LADOT is committed to providing the public transportation that many rely on to meet daily needs including food pick-up, caring for relatives in need, and commute to-and-from places of employment. In order to continue providing this service while protecting public health, LADOT has ordered augmented cleaning protocols including daily disinfecting of the transit fleet and deep cleaning of all facilities to ensure the safety of our riders and drivers.
